

OJOH CHIEMELE DAVID

Oil and Gas Facility Operator

dojslife@gmail.com | +2347038349452 | Nigeria | Available for Relocation

“Technically gifted, innovative and demonstrates hands-on skills in the development and strategic plans to ensure company growth and customer satisfaction”.

PROFESSIONAL SUMMARY

- ❖ A dedicated and highly skilled Oil & Gas Facility Operator with over 10 years of hands-on working experience in the oil and gas sector.
 - ❖ Specializing and actively working in the Gas sector as a Natural Gas Metering Operator, where Methane C₁ is received from the gas suppliers, treated (gas filtration/separation and heating), metered and sent to the customers (Mostly power generating companies) for power generation.
 - ❖ Acting as a middle man between the Gas Suppliers (IOCs) and the customers (Power Gen Cos, Fertilizer and Cement companies) as Gas metering is categorized as a Mid-Stream sector.
 - ❖ Vastly experienced in the commissioning and operation of Filter Separators, Gas Scrubbers, Indirect Water Bath Heaters, Boilers, Flow computers, Ultrasonic Meters and several Metering equipment.
 - ❖ I bring deep technical expertise and proven ability in oil & gas operations, maintenance and reporting, data analysis, and facility management. Adept at working with cross-functional teams to ensure safety, efficiency, and accuracy in operations.
 - ❖ Proficient in Microsoft tools such as Excel, PowerPoint, Power BI, SQL, and known for my strong teamwork, problem-solving, and communication skills.
-

KEY SKILLS

- ❖ Gas Metering Facility Operations
- ❖ Data Analysis & Reporting (Excel, Power BI, Tableau and SQL)
- ❖ Health, Safety and Environment compliance
- ❖ Emergency Response and firefighting training as an operator
- ❖ Ability to utilize Lockout Tagout, Permit to work and other Process safety certificates
- ❖ Oil and Gas Facility Safety Standards & Compliance
- ❖ Maintenance and Troubleshooting of Oil and Gas Equipment
- ❖ Work with Industrial Automation Systems like Human Machine Interface (HMI), Flow Computers etc.
- ❖ Team Leadership & Collaboration
- ❖ Project Management & Planning

PROFESSIONAL EXPERIENCE

Oil and Gas Facility Operator (Gas Metering Facilities/Operations)

Position: Field Operator

NNPC Gas Infrastructure Company | 2014 – Present

- ❖ Manage and operate gas metering facilities ensuring accurate measurement and reporting of gas flow and volume.
- ❖ Act as middleman between the Gas suppliers, the customers and the company top management
- ❖ Routine monitoring of process parameters and systems through the use of Human Machine Interface (HMI).
- ❖ Use of Computerized Maintenance Management System (CMMS) to report and track maintenance issues and equipment status
- ❖ Collaborate with cross-functional teams to maintain safety standards and ensure compliance with regulatory requirements.
- ❖ Routinely carrying out of Gas sampling by use of Online Gas Chromatography Sampler System (GHS) to check for the Quality and constituents of the Gas, so as to ensure continuous supply of On-Spec Gas to the customer as started on the Gas Delivery Agreements.
- ❖ Use of My Safety reporting platform to report daily suspected /identified unsafe conditions and acts.
- ❖ Utilize data analysis tools like Microsoft Excel, Power BI, to track operational performance and generate monthly reports.

ACHIEVEMENTS:

- ❖ Safely delivered over 5.2Billion SCF of natural Gas to the end user without any man power lose or incidents.
- ❖ Successfully participated in process shutdown and startup operation
- ❖ Over 90% appraisal from my department manager on yearly basis.
- ❖ Worked in over 6 different Gas Metering Facilities in Nigeria.

Data Analyst

Freelance/Consulting – Location | 2023 – Present

- ❖ Worked on various data analysis projects for clients in the oil and gas sector, particularly on Work place Safety, focusing on performance metrics and operational efficiency.
- ❖ Developed dashboards in Power BI and Excel to track key performance indicators (KPIs), improving decision-making for facility management teams.
- ❖ Worked on a Project with a team of 5 on the impacts of Oil and Gas Exploration in Nigeria using Power BI.

EDUCATION

Higher Diploma in Electrical/Electronic Engineering

Kenule Saro-Wiwa Polytechnic, Bori, Rivers State. – 2016

Diploma in Data Analysis

Altschool Africa – 2024

CERTIFICATIONS

- ❖ Certified Oil and Gas Operations Specialist
- ❖ Achieving Gas Pipelines and Facilities maintenance level 2
- ❖ Safety Instrumented Systems level 2
- ❖ OSHA Certification – Oil and Gas Safety
- ❖ HSE Competence Development Training (Level 3)
- ❖ Certificate in Gas Metering and Flow Measurement Level 4

TECHNICAL SKILLS

- ❖ Microsoft Office Suite (Excel, Word, PowerPoint)
- ❖ Power BI and SQL for data analysis and reporting
- ❖ HMI application usage
- ❖ SCADA Systems and Industrial Automation Software
- ❖ Computerized Maintenance Management System (CMMS)

HOBBIES & INTERESTS

- Swimming and enjoying outdoor activities
- Reading self-development books
- Road trips and meeting new people
